xiB/OSS CORPORATION ANNOUNCES KEY EXECUTIVE HIRE IN EMEA

Telecoms IT Executive strengthens xiB/OSS management team as EMEA expansion continues

Toronto, Canada. Dublin, Ireland – January 26th, 2011 – xiB/OSS Corporation, a leading provider of specialist Information and Communications Technology (I.C.T.) contract resources worldwide, announced the appointment of Fintan Healy as its Regional Manager in EMEA. In this role, Fintan will drive the continued expansion of xiB/OSS in the region, with special focus on telecommunications. Previous to xiB/OSS, Fintan was Commercial Director and Professional Services Director for BSS (business support systems) provider Intec.

“We are delighted that Fintan is joining xiB/OSS.” xiB/OSS President Glenn Pociluyko said. “With over 15 years director level experience with one of the world’s leading telecoms software vendors, Fintan provides a level of insight and expertise that will bring a vital advantage to the ever increasing xiB/OSS client base in EMEA.”

As well as his telecommunications expertise, Healy is an active member of the governing boards of national and regional ICT trade organizations in Ireland, where he works with CEOs of leading Irish companies on ICT strategy. Pociluyko continued “xiB/OSS is expanding in EMEA. We’ve won significant new clients in the region in the past year, and now we can move this expansion up a level with the appointment of a leading ICT executive such as Fintan.”

Of his appointment to xiB/OSS, Healy said, “Having worked as Professional Services director for a leading BSS provider, I know how getting the right people, at the right time, can be crucial to the success of a project. I’ve watched xiB/OSS become a major player, supplying contract resources to system vendors and telecoms companies alike. I am delighted to be joining xiB/OSS to work with the management team to take the Company to the next level of international expansion”.
